## **DETAILED ACTION**

### ***Election/Restrictions***

Applicant is advised that a reply to this requirement must include an identification of the species that is elected consonant with this requirement, and a listing of all claims readable thereon, including any claims subsequently added. An argument that a claim is allowable or that all claims are generic is considered nonresponsive unless accompanied by an election. In this case, Applicant fails to elect a single species according to the requirement sent on 7/2/2004. Therefore, it is considered nonresponsive.
